## **CLUB DE REGATAS VASCO DA GAMA**

118 years of glories and victories. Vasco was founded on August 21st 1898 and since then we are one of the biggest and most traditional clubs in the country. We never distinguish colors and social classes. We fought for equality and respect for black people and popular workers when soccer was still an exclusive sport for the elite. Today, we have millions of fans all over the country and the whole world. Vasco is the synthesis of Brazil. We are white and black, struggle and glory, is Rio de Janeiro, Brazil and Portugal. Vasco da Gama is history, passion and tradition.
